

Ecto Goggles Shield Kit #502-7024-00

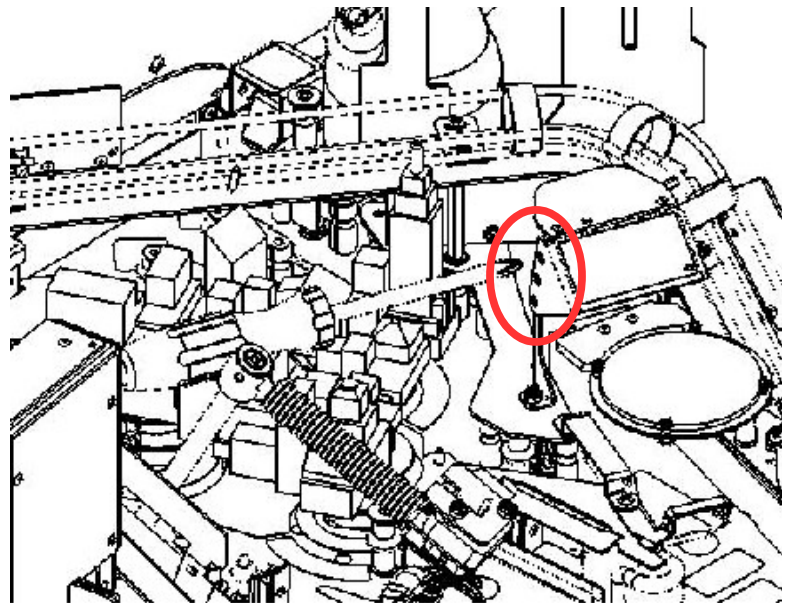

Explanation: It has been brought to our attention that some games are experiencing air balls which can hit and damage the Ecto Goggles LCD.

Solution: If your game was manufactured prior to serial number #263224, contact your distributor for the free of charge Ecto Goggles Shield Kit #502-7024-00.

Installation:

1. Tools required: #2 Phillips Head Screwdriver.

2. Using a #2 Phillips head screwdriver, remove the three flat head screws from the side of the Ecto Goggle assembly.

3. Align the shield plate with the holes of the three screws that were just removed and screw in the plate using the same screws.
