Castle Multiball

- New Castle Corner rule -
 - The first time the right upper return-lane is used each ball, the upper left corner will light for a few seconds.
 - Shooting the corner before it times out will automatically advance the player toward Castle Multiball.
- All scores are higher
- All balls from the shooter lane or right orbit will go to the upper playfield.
- The first Super Jackpot on the upper playfield will give an add-a-ball.

Castle Corner

- During a house modes, when you collect the Castle award the game will also complete the house you are playing.
- Shooting the castle corner also increases the upper playfield multipliers.

Other Stuff

- Added an adjustment to allow the games' owner to force all players to play the same house. This could be interesting for tournaments.
- Spinner scoring was improved.
 - Added more levels. Stretched out the growth of the spinner value.
 - Can only climb levels to the number of house modes you have completed.
- Added several new speech calls.
- Many bug fixed and polish added.
