HOME TEAM

Set-up Guide

HOME TEAM

Non-commercial machine owners can now set up a “Home Team” for frequent players. Once on the “Home Team”, you don’t have to repetitively scan your QR code to get connected.

CONFIGURING THE 'HOME TEAM'

INSIDER[™]
CONNECTED

HOW TO GET TO THE INSIDER CONNECTED SETUP MENU ON THE MACHINE

Red buttons allow
you to navigate
menu items

Black button selects

Green button exits
any menu

Enable the Standard Adjustment
"Insider Home Team"?

Enable Home Team
Cancel

Setup Home Team

Current Home Team is empty:

Home Team users can play connected games
by holding the left flipper for 2 seconds
instead of scanning a QR code.

Scan your Insider Connected QR code
To join the Home Team.

**We used the buttons
on the coin door to
configure the Home
Team but...**

A detailed view of a Godzilla pinball machine. The playfield is vibrant with blue, red, and yellow colors, featuring various targets, bumpers, and a large green Godzilla figure. The backglass and side art depict Godzilla in action. The machine is set against a dark background.

**We will use the
action button and/or
the flippers to play
with the Home Team**

USING THE 'HOME TEAM'

Bring up the Home Team

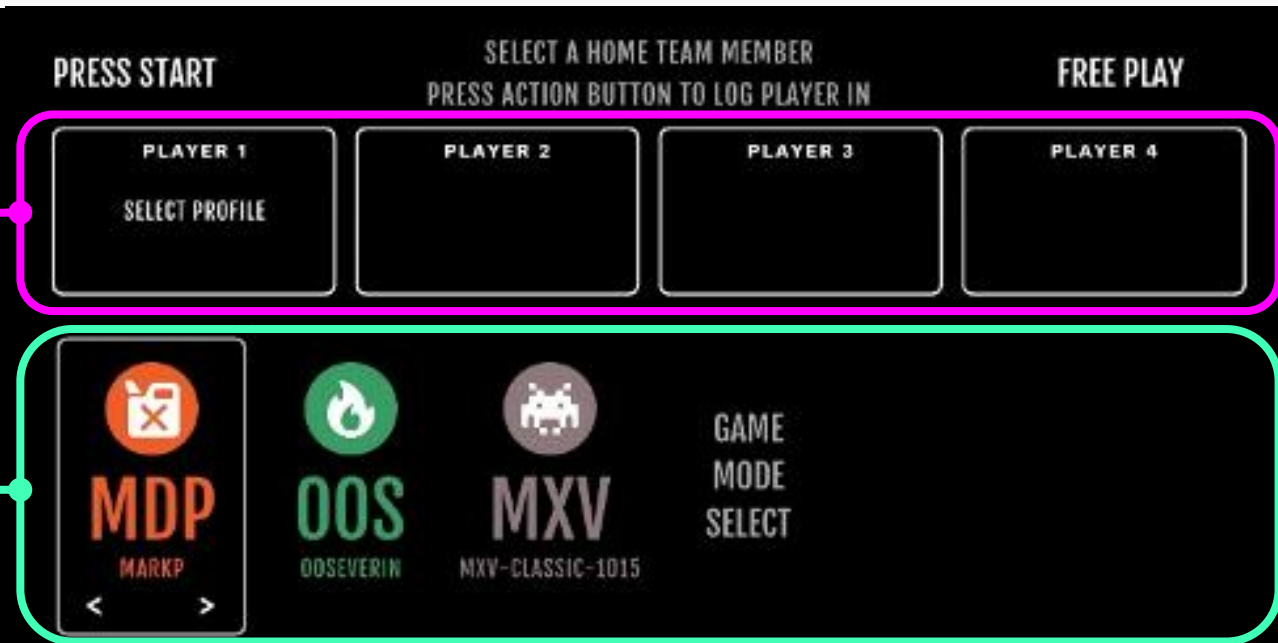

**Press and hold the
left flipper for two
seconds to bring up
the Home Team**

HOME TEAM STRUCTURE

Player Slots

Home Team Roster

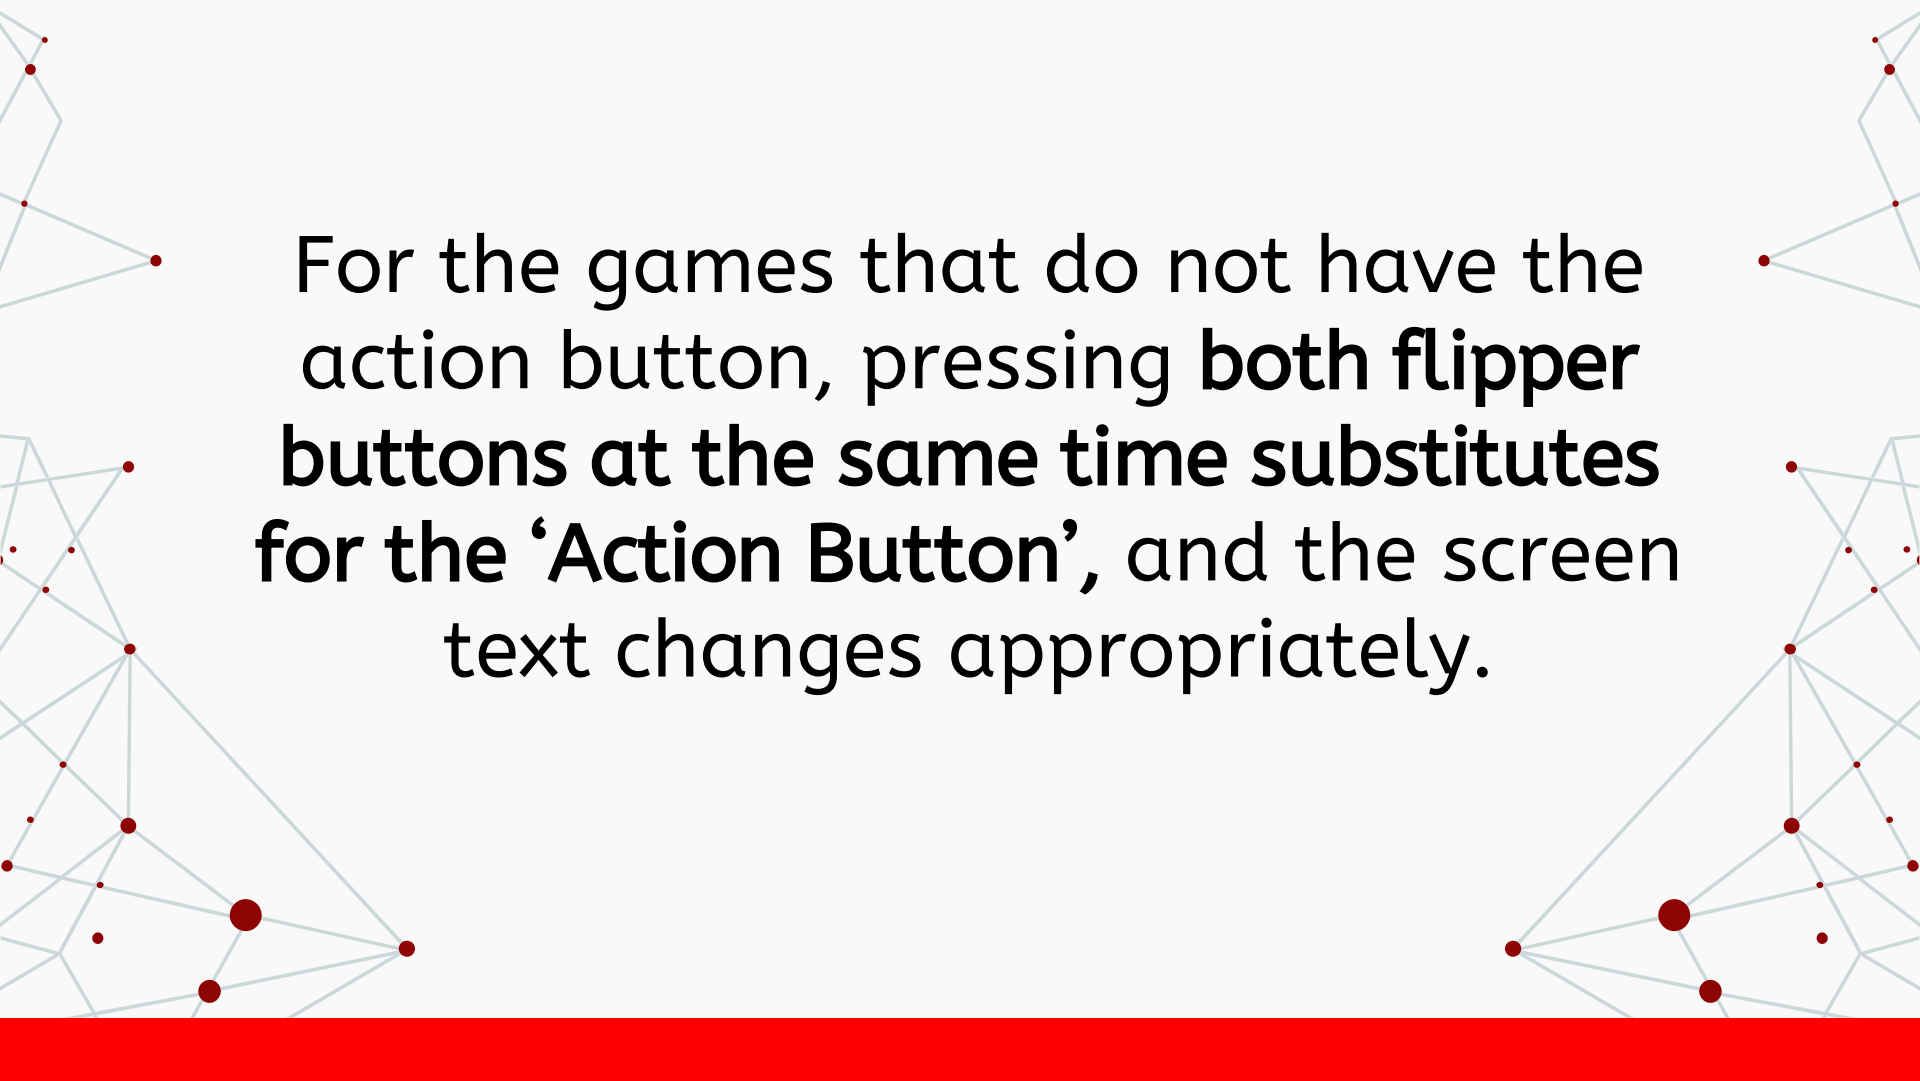

**Select a player
from the Home
Team to play**

Players use the left and right flippers to navigate to their avatar in the roster

...and the action button to select their avatar and move it to the player slot

For the games that do not have the action button, pressing **both flipper buttons at the same time substitutes for the 'Action Button'**, and the screen text changes appropriately.
