

MAIN ATTRACTIONS	In Stern Pinball's <i>Star Wars: Fall of the Empire</i> pinball games, players return to the saga that started it all to experience iconic Star Wars moments through a pinball adventure like none other.
	This one-of-a-kind pinball experience is fueled by Stern's next-generation technology with the new SPIKE 3 platform.
	With a robust, enhanced CPU, our next-gen platform seamlessly integrates high-quality film assets and custom animations on our larger, 18.5" full HD display.
	Audio assets including John Williams' iconic music and custom audio call-outs from actor Chris Bartlett as C-3PO will come through rich and full on an all-new speaker system.
	Players can take down the AT-AT by attaching their Snowspeeder's tow cable and shooting the spiral ramp to send it crashing down, mirroring the breathtaking scene from <i>The Empire Strikes Back</i> .
	Destroy the rebuilt Death Star II by lowering shields to dismantle the battle stations during Death Star Multiball in order to save the galaxy.
	Escape from Cloud City using the Millennium Falcon's hyperdrive by hitting the center jump ramp to escape to hyperspace.
Experience exciting Sarlacc Pit action as the ball swirls around and starts various Jabba the Hutt events.	
Through Stern's award-winning Insider Connected™ platform, players can track progress, earn new game-specific Achievements, and connect to the galaxy on a pinball adventure of a lifetime.
